

**AFFIDAVIT OF PUBLICATION
STATE OF OREGON,
COUNTY OF KLAMATH**

I, Pat Bergstrom, Legal Specialist, being duly sworn, depose and say that I am the principle clerk of the publisher of the Herald and News, a newspaper in general circulation, as defined by Chapter 193 ORS, printed and published at 2701 Foothills Blvd, Klamath Falls, OR 97603 in the aforesaid county and state; that I know from my personal knowledge that the Legal#18884 LRMP

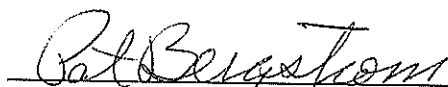

PROPOSED AMENDMENTS

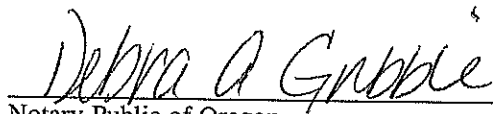

a printed copy of which is hereto annexed, was published in the entire issue of said newspaper for: 1

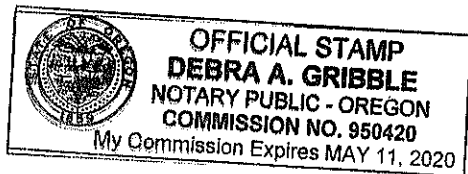

Insertion(s) in the following issues:

04/12/2019

Total Cost: \$516.08

Subscribed and sworn by Pat Bergstrom before me on:
12th day of April in the year of 2019

Notary Public of Oregon
My commission expires on May 11, 2020

**NOTICE OF PROPOSED AMENDMENTS
TO THE UMPQUA, ROGUE RIVER AND
WINEMA NATIONAL FOREST LAND
AND RESOURCE MANAGEMENT PLANS**

In accordance with Code of Federal Regulations part 36 CFR 219.16, the Forest Service gives notice of its intent to consider amendments of Land and Resource Management Plans (LRMP) for the Umpqua, Rogue River and Winema National Forests to make provision for the proposed Pacific Connector Gas Pipeline (PCGP), and invites public comments on these proposed amendments. The Federal Energy Regulatory Commission (FERC) is the lead agency for preparation of an Environmental Impact Statement that will address the impacts of construction and operation of the PCGP and related amendments of Forest Service LRMPs. The Forest Service is a cooperating agency for preparation of this Environmental Impact Statement (EIS). A Notice of Availability, to release a Draft EIS (DEIS) for the PCGP and the proposed LRMP amendments was published by the FERC in the Federal Register on April 5, 2019 (FR Vol. 84, No. 66, p. 13648). Proposed amendments of LRMPs include reallocation of matrix lands to late successional reserves and site-specific exemptions from standards and guidelines and other LRMP requirements to allow construction of the PCGP. Exemptions from standards and guidelines include requirements to protect known sites of Survey and Manage species, changes in visual quality objectives at specific locations, limitations on detrimental soil conditions, removal of effective shade at perennial stream crossings and the construction of utility corridors in riparian areas. The responsible official is the Forest Supervisor, Umpqua National Forest who will determine whether to approve these proposed amendments pursuant to 36 CFR 219.13 (2012 version). If approved, the site-specific amendments would apply only to the PCGP project. The reallocation of matrix lands to late successional reserves would be a change in land allocation that would apply to future projects in those areas. These amendments of the Umpqua, Rogue River and Winema National Forest LRMPs would be implemented only if construction of the PCGP is authorized by the FERC.

Public comment sessions about the PCGP and possible LRMP amendments are being scheduled by the FERC in their role as Lead Agency. Refer to the FERC website, eLibrary docket filings and supplemental Federal Register notice for information regarding locations, times and dates. Persons wishing to comment may do so verbally at these public meetings or in writing. You may comment on any aspect of the proposed Jordan Cove Liquefaction and Pacific Connector Pipeline Projects or on possible amendments of National Forest LRMPs related to the project. Your comments concerning possible amendments of Forest Service LRMPs should focus on the potential environmental impacts, reasonable alternatives, and measures to avoid or lessen any adverse impacts. The more specific your comments, the more useful they will be.

Decisions by the Forest Service to approve "plan level" amendments to Land Management Plans (proposed amendments for reallocation of matrix lands to late-successional reserves) are subject to the Pre-Decisional Administrative Review Process Regulations at 36 CFR 219 Subpart B. The term "plan level" refers to plan amendments that would apply to future management actions.

Decisions by the Forest Service to approve "project-specific" plan amendments (proposed amendments for site-specific changes in standards and guidelines) are subject to the Administrative Review Process of 36 CFR 218 Subpart A and B, in accordance with 36 CFR 219.59 (b). The term "project specific" refers to amendments that would only apply to the proposed project and would not apply to any future management actions. Refer to the applicable administrative review regulations for eligibility requirements.

Since FERC is the Lead Agency for environmental review of the PCGP, all comments including comments on actions by the Forest Service should be submitted through the FERC comment process and within the timeline described. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington D.C. on or before 5p.m. Eastern Time on July 5, 2019. For your convenience, there are three methods you can use to submit your comments to the FERC. In all instances, please reference the docket numbers for these projects (CP17-494 and CP17-495) with your submission. The Commission encourages electronic filing of comments, and has expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov.

(1) You can file your comments electronically using the eComment feature located on the Commission's Web site (www.ferc.gov) under the Documents & Filings link. This is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You can file your comments electronically using the eFiling feature located on the Commission's Web site (www.ferc.gov) under the Documents & Filings link. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "Register." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing;" or

(3) You can file a paper copy of your comments by mailing them to the following address:

Kimberly D. Bose
Secretary, Federal Energy Regulatory Commission
888 First Street NE, Room 1A
Washington, DC 20426

Before including your address, phone number, email address, or other personal identifying information in your comments, you should be aware that the entire text of your comments including your personal identifying information would be publicly available through the FERC eLibrary system, if you file your comments with the Secretary of the Commission.

Copies of the Notice of Availability and additional information about the proposed amendments of Forest Service LRMPs are available from the Supervisor's Offices of the Umpqua, Rogue River and Winema National Forests. Additional information about the PCGP is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site (www.ferc.gov). On the FERC Web page, go to Documents & Filings, and click on the eLibrary link. Then click on "General Search," and enter the docket number, excluding the last three digits in the field (i.e., CP17-494 or CP17-495). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to
